

Installation instructions for: CL507, CL509 Rondo

stone
LIGHTING

1 Loosen all set screws (3) and remove crystal from face.

4 Feed wires through 1/8IP nipple that is mounted to the crossbar and wire the fixture.

5 Connect wires from line voltage with wires from fixture.

2 Mount crossbar in APKIT to the junction box.

3 Thread the 1/8IP nipple into the crossbar that is mounted to the ceiling.

6 Install the backplate of the fixture to the nipple with 1/8IP lock washer and 1/8IP nut.

7 Place the glass back on the fixture and support while retightening set screws. Turn the Power on.
