

MOUNTING THE FIXTURE

- 1 Shut off the power at the circuit breaker and remove the old fixture, including the mounting hardware.
- 2 Carefully remove the fixture from the carton and check that all parts are included as shown in the illustration.
- 3 Attach mounting plate to the junction box with mounting screws.

CONNECTING THE WIRES

- 4 Connect the electrical wires, making sure that all wire connectors are secured. If your outlet box has a ground wire (green or bare copper), connect the fixture's ground wire to it.

Otherwise, connect the fixture's ground wire directly to the mounting plate using the green screw provided.

FINISHING THE INSTALLATION

- 5 Align fixture body to back plate and secure with screws.
- 6 Place shade over the socket and level horizontally.
- 7 Install bulbs in accordance with fixture specifications, **(DO NOT EXCEED THE MAXIMUM WATTAGE RATING!)** Your installation is now complete.

Return power and test the fixture.
